

Dear Participant,

I would like to personally Thank You for registering to take part in our Mountain Climb 2019. This year we will be scaling Snowdon, the tallest mountain in Wales, via the Llanberis Path. I hope you find plenty of useful information in your Sponsorship Pack. If you lose anything, please check out the website cogyouthservices.co.uk/snowdon2019 where you can download more copies.

The day will start early (4am) as we get on to the transport to the mountain, we hope to start climbing by 9am. It will be a hard climb to the summit but will endeavour to ensure that everyone makes it. We'll spend about 30 mins at the top and then head back down and grab some local dinner and get back to Leicester for 10pm. We hope to get some amazing photos ops and you will be able to share your journey online as we climb so make sure to charge your phone and, if you have one, a powerbank.

It's an exciting time for COG Youth Services as we continue to grow and develop. This is our biggest fundraiser of the year, so even though you have paid £30 for your registration on the event, we still need you to try and raise some more money. Every penny we raise goes to supporting young people make positive contributions in their local communities, across Leicester and Leicestershire. Please spread the word, encourage donations and follow our socials. If anyone else would like to join us, please ask them to register and we will send a pack out to them as well.

Thank you

Tejash 'Teesh' Patel
Founder, Director and Youth Worker
